

All India Coordinated Research Project on Cotton

Important Circular

January 24, 2017

Respected Sir / Madam,

As per the instruction of the Project Coordinator (Cotton), I am to inform that the last date for submission of release proposal for identification during the annual group meeting scheduled to be held at TNAU, Coimbatore during April 8-10, 2017 is fixed on **10:03:2017**. Hence, I request all the breeders who are interested to submit the proposal for identification to kindly make a note of the following information.

1. The application should be submitted in the proper format as available in our website.
2. The application should be signed by all the scientists involved in development of material and should be sent through proper channel duly signed by the Director of Research of the concerned University.
3. The application should be complete in all respect including the agronomic data along with the copy of the concerned page of AICRP report.
4. The package of practice, photographs etc. as desired should be included.
5. In case the spinning data could not be attached, the proposal may be submitted subject to the availability of spinning data from CIRCOT at the time of the meeting.

Kindly note that, in no case the last date will be extended further. The incomplete proposals and hard copy of the proposals received after the due date will be summarily rejected and will not be put up to the committee.

This is for the favour of information to all the concerned.

Dr. S. Manickam, Principal Investigator (Plant Breeding – AICRP) &
Principal Scientist (Plant Breeding),
